

Investment Objective

The ACWE strategy invests in stocks of companies having a broad range of capitalizations and domiciled in developed and emerging countries. The portfolio holds between 55 to 85 American and International stocks geographically diversified across the Index's sectors. The investment objective of the ACWE strategy is to outperform the performance of the MSCI ACWI.

Investment Approach

Since 1998, the team of investment professionals at Triasima have employed their proprietary research process that uses a multi-disciplined methodology called the "Three-Pillar Approach" to provide strong relative returns to Triasima's clients regardless of market conditions.
