Nomination announcement – Portfolio Manager

Triasima Portfolio Management Inc. is pleased to announce the appointment of Nicola Haratonian as Portfolio Manager.

Nicola Haratonian joined Triasima as a financial analyst in 2014. In that role, he has focused primarily on fundamental analysis of American and international companies. He has demonstrated keen fundamental analysis and research insights and astute portfolio management skills. His personality and work ethic make him a great cultural fit to the firm. Nicola was promoted to associate portfolio manager in 2017, and became a shareholder in 2019.

« From the interview process to today, Scott Collins and I saw in Nicola values that are in sync with Triasima's culture, combined with a natural curiosity towards understanding the key success drivers of companies. We soon realized that we were in the presence of the first member of a third generation of portfolio managers at Triasima. It is a pleasure to have him as a fellow portfolio manager and as a colleague. » André R. Chabot, CEO and CIO.

As a portfolio manager, Nicola Haratonian's main duties include fundamental research, portfolio construction, and risk management for non-Canadian securities and portfolios.

Mr. Haratonian holds a Bachelor's degree in Management from HEC Montreal and is a CFA Charterholder. He began his career in 2007 as a financial analyst at Optimum Asset Management.
